Division Description

The Idaho State Historical Society was established by statute in 1907. It is ultimately responsible to the State Board of Education, although its operations are directed by a seven-member Board of Trustees who are appointed by the State Board of Education. The agency is broken into two programs for budgeting purposes:

The Historic Preservation and Education Program's mission is to identify and preserve significant buildings, sites, objects, photographs, and library resources for the education and benefit of this and future generations. It also provides technical services, federal grant review clearances, and other assistance to local governments, historical societies, and private citizens.

The Historic Site Maintenance and Preservation Program preserves and maintains the 59 properties of significant historic value which are owned by the people of Idaho, and provides historic interpretation of those sites and structures. Its major activity is the maintenance and restoration of the Old State Penitentiary in Boise.

2. Historic Property Preservation

This enhancement would provide \$100,000 in ongoing General Fund money to hire an additional maintenance and repair position and pay for routine building repair costs. This position will help maintain approximately \$8 million worth of facilities that are managed by the Historical Society. State guidelines suggest that agencies allocate approximately 3% of their facilities' value each year for building maintenance and repairs. For the Historical Society, this equals an annual allocation of \$240,000. The current allocation is \$93,200. If this enhancement is approved, a further \$46,800 would be requested in future fiscal years.

3. Lewis & Clark Bicentennial

This enhancement would provide \$225,000 in one-time General Fund money and \$25,000 in dedicated Lewis & Clark license plate revenue for the Lewis & Clark Commemoration Project. This project commemorates the 200th anniversary of the Corps of Discovery (1803-1806), led by Merriwether Lewis and William Clark, which explored the territory of the Louisiana Purchase, travelling through Idaho and eventually reaching the Pacific Ocean at the mouth of the Columbia River. These funds are being requested by the Governor's Lewis & Clark Trail Committee, under the aegis of the Historical Society, which acts as the lead state agency for the project. Money provided by this enhancement would help fund the operations of the Lewis & Clark Information Center in Lewiston, and would provide matching funds for various Lewis & Clark related projects.
